

THE CATHOLIC DIOCESE OF NORTHAMPTON

SAFEGUARDING POLICY STATEMENT

Every human being has a value and dignity which we as Catholics acknowledge as coming directly from God's creation of male and female in his own image and likeness. We believe therefore that all people should be valued, supported, and protected from harm and have a zero-tolerance approach to all abuse, recognising the possible escalation of low-level concerns into more serious incidents if not addressed.

The Diocese of Northampton is committed to the policy of the Catholic Church in England and Wales to report to the statutory authorities all allegations of abuse made against those working in the name of the Church, regardless of whether the allegations or concerns relate to a person's behaviour in relation to their role within the Church or another setting.

It is also the policy to report to statutory authorities where a child or an adult is at immediate risk of harm, or there is concern that a child is suffering or is likely to be suffering from significant harm, from somebody who does not hold a role within the Church.
